Meeting Minutes

Approval on Meeting Minutes from 10/30/2023: Approved

**New Business:**

- Discuss 2024 Budget Items: We as a group finalized all of our budget items and amounts for the upcoming 2024 Budget.
- Discussion of potential legal advisement on commissioners job responsibilities:
  - We as a group wanted to get a better unbiased legal opinion on what our commission is responsible for. We voted 3-0 to seek outside legal advise. This person will be going through all the towns warrant articles, charters and other legal documents to find out what we need to be doing and whom we answer to for not just the current commission but future commissioners as well.
