Public Notice
PROPOSED ACTION MEETING
Littleton Sidewalk Connectivity Project

State Project Number: 41362 Federal Project Number: X-A004(605)

The Public is invited to attend a Proposed Action Meeting for the Littleton Sidewalk Connectivity Project on Thursday, February 21, 2019 at 6:00 PM at the Littleton Opera House, 2 Union Street, Littleton, NH in the Tower Room. The Town's consultant, CMA Engineers, Inc. and Town staff will present information on the proposed project. The study limits will include the following sections:

- Cottage Street (from South Street to Bethlehem Road)
- South Street (from Bronson Street to the suspension bridge)
- Bronson Street (from Kilburn Street to Mt. Eustis Road)
- Mt. Eustis Road (from Cottage Street to Bronson Street)
- Mill Street (to Main Street near Main/Cottage intersection)
- Meadow Street (short section between Main Street and Saranac Street)

The intent of the meeting is to collect input from the public, municipal officials, regulatory and resource agencies, and abutting property owners on their ideas and concerns relative to the alternatives considered and the proposed action selected. A review of the existing site conditions, design considerations, construction materials, and schedule will be followed by a question, answer and comment period.

Contact Andrew Dorsett, Town Manager for the Town of Littleton at adorsett@townoflittleton.org or (603) 444-1703 with questions.
